

YOUTH SPORT TRUST QUALITY MARK

The Youth Sport Trust Quality mark is the nationally recognised and government backed benchmark for P.E. and sports provision in schools.

Our school is working towards outstanding provision so that we can be awarded the gold standard and we are not too far away!

The Youth Sport trust has assessed the information that the school has provided and we have been awarded a SILVER quality mark for 2013-14.

When we originally assessed our provision against the quality mark we would only have been in receipt of a BRONZE quality mark but we have moved on significantly in the delivery of P.E. through:

- 1) The introduction of sports leaders to lessons and after school clubs.
- 2) National Governing Body coaches delivering high quality coaching that provide a pathway for pupils to established and nationally recognized local clubs.
- 3) A continuing programme of CPD that every member of staff will benefit from this academic year.
- 4) A long term development plan that addresses the needs of our school in relation to the YST outstanding provision criteria.
- 5) A concerted effort to raise the profile of P.E in school and with parents, through regular sports assemblies and sports newsletters.
- 6) Continued success in competitive sport.

And many more besides....

*Silver Quality
Mark 2013/14*

This is to certify that

PALM BAY SCHOOL

**has achieved a Silver standard in the
Youth Sport Trust Quality Mark self-review**
